## Work Experience

**Product Designer | Part-time** August 2023 – Present  
[Digb, San Francisco, CA 94111](#)

Digb is a USA-based company that helps real estate professionals manage ownership, optimize taxes, and streamline collaboration. As a remote Part-time Product Designer, I built the product from scratch, focusing on wireframing, and UI refinement with engineers and product managers.

**Lead UI/UX Designer** September 2023 – January 2025  
[Cloudtech Services, Kathmdnu, Nepal](#)

Lead UI/UX Designer at Cloudtech Services, designing insurance platforms, eCommerce websites, and other web applications. Collaborated with cross-functional teams to enhance user-friendly experiences through research, usability testing, and visual elements.

**Senior Designer** September 2019 – August 2023  
[Paracosma Inc, USA](#)

As a Senior Designer at Paracosma, I created intuitive and user-friendly interfaces for cutting-edge AR/VR products, Game Interfaces, and Graphic work. Additionally, I played a key role as an Art Director for video production, ensuring seamless visual storytelling and high-quality, consistent designs across all media.

**Associate Designer** March 2018 – March 2019  
[Fusemachines Nepal, Kathmandu, Nepal](#)

I contributed to the creation of visually compelling designs, collaborating with senior designers to develop user-friendly interfaces for various projects. My role involved supporting design execution, ensuring alignment with client goals, and enhancing the overall user experience.

**Graphic Designer** November 2016 – March 2018  
[Social Aves, Jawlakhel, Nepal](#)

I had the opportunity to work with major brands such as TATA Motors, Samsung, and Volkswagen. I contributed to the creation of impactful visual content, focusing on brand identity, marketing materials, and digital assets to elevate brand presence and communication.
